

DUALZORB

The All Natural Absorbent

DualZorb is the **GREEN** alternative to spill cleanup on hard surface or ground spills. It quickly absorbs most liquid spills into its wood fibers encapsulating the spill in a non-leachable form.

- Step 1: Mix **DualZorb** by volume with equal parts of water.
- Step 2: Give product 5 minutes to expand approximately 3X in volume.
- Step 3: Cover the spill completely.
- Step 4: Sweep up and dispose per local, state or federal regulations.

DualZorb is an all natural product that is chemical free and non-carcinogenic. This fast acting product is also listed on the EPA's National Contingency Plan Product Schedule as a bioremediation agent†, allowing **DualZorb** to be utilized for in-situ type treatments of contaminated soils.

DualZorb Oil Absorption

Manufacturer's Recommendations

† This listing does NOT mean that EPA approves, recommends, licenses, certifies, or authorizes the use of **DualZorb** on an oil discharge. This listing means only that data have been submitted to EPA as required by subpart J of the National Contingency Plan, 40 CFR Section 300.915. The data submitted exceeds the testing criteria for the bioremediation effectiveness test and therefore qualifies to be listed on the NCP product schedule.
